Dear Harold:

Re yours of the 14th, I just looked through my stories on the hearing and I didn't find anything about you and "extreme" assassination theories. I may have once tied that word to Fensterwald in relating his position on a possible link-up between the Kennedy assassinations and the M.D. King Jr. slaying in Memphis.

I am looking forward to a quiet holiday at home. Percy Foreman does not send his regards! I haven't see Martin Waldron since Memphis. But when I do I'll pass on his greetings. Have a nice Christmas and a happy New Year. I'm enclosing a check for the book you sent to me.

Best regards,

Nick
